BILL

further to amend the Bengal Alluvion and Diluvion Act, 1847.

WHEREAS it is expedient further to amend the Bengal Alluvion and Diluvion Act, 1847, for the purpose and in the manner hereinafter appearing ; IX of 1847.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Alluvion and Diluvion (Amendment) Act, 1940.

Insertion of new section 5A in Act IX of 1847.

2. After section 5 of the Bengal Alluvion and Diluvion Act, 1847, the following section shall be inserted, namely :-

Assessment of land reformed on original site.

"5A. Whenever any land which has been washed away from or lost to any estate paying revenue directly to Government reappears above the water and reforms at the original site of such land, the proprietor of the estate from the *sadar jama* of which a deduction has been made under section 5 on account of the land so washed away or lost, shall have the right to resume immediate possession of the land so reformed, subject to the payment of revenue in respect thereof with effect from the date on which such revenue is assessed. Such revenue shall be assessed at the same rate as that obtaining for the *sadar jama* of the remainder of the estate on the date on which possession is so resumed, and shall bear to the *sadar jama* the same proportion as the area of the land so reformed bears to the area of the remainder of the estate. This assessment, with the reasons thereof, shall be forthwith reported by the local Revenue-authorities for the information and orders of the Board of Revenue, whose orders thereupon shall be final."

Amendment of section 6.

3. In section 6 of the Bengal Alluvion and Diluvion Act, 1847, after the words "that land" the words, figure and letter ",other than land to which the provisions of section 5A apply," shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Under section 3 of the Bengal Alluvion and Diluvion Act, 1847 (IX of 1847), Government may after 10 years from the date of approval of a previous revenue survey direct a new survey of lands on the banks of rivers and on the shores of the sea. Under section 5, the local Revenue-authorities are required to grant proportionate abatement on revenue of an estate paying revenue directly to Government as soon as it appears to them on inspection of the new map prepared under section 3 that land has been washed away from or lost to that estate. Section 6 provides for assessment to land revenue of land which is found by the Revenue-authorities to have been *added* to any estate paying revenue directly to Government.

It has however been held by the Privy Council in the case, Secretary of State *versus* the Midnapore Zemindary Company, Limited, reported in 41 C.W.N. 1061, that land, which had formed part of a revenue paying estate and which having been washed away reappeared above the water, cannot be treated as *added* land within the meaning of section 6 of Act IX of 1847 and is not assessable to land revenue as such, whether or not any abatement of land revenue had been granted under section 5 *ibid* on account of the diluvion, unless express provision is made in the law to authorise assessment of such land. In view of this ruling of the Privy Council it is necessary to amend the law as indicated in the proposed Bill so as to enable the Revenue-authorities to assess to revenue alluvial reformations within an estate in cases where abatement of land revenue had been allowed at the time of diluvion.

STATEMENT OF OBJECTS AND REASONS.

The experience of the working of the Calcutta Municipal Act, 1923, during the last 16 years has demonstrated that the political views of the party in power in the Corporation have very largely influenced the day to day administration of the Corporation, with the result that the efficiency of the administration has been impaired. Frequent interference with the executive has been a disquieting feature of the administration. Appointment to posts under the Corporation has often been made on personal or party considerations, and complaints of maladministration in the various departments of the Corporation,—which can be traced often to a deliberate evasion or infringement of the provisions of law,—have been persistently brought to the notice of Government.

In the circumstances Government consider it desirable—

(*i*) to remove the Chief Executive Officer from the sphere of influence of individual Councillors and Aldermen of the Corporation;

(*ii*) to make definite provision that appointment to higher posts in the Corporation shall not be made except on the recommendation of a Service Commission; and,

(*iii*) to assume larger powers of control in cases of default or abuse of powers by the Corporation.

The Bill accordingly seeks to make definite provision in the Act for—

(*a*) the supersession of a department of the Corporation;

(*b*) the dissolution of the body of Councillors and Aldermen;

in case the Corporation has shown its incompetency to perform or has persistently made default in the performance of the duties imposed on it by or under the Act or by any other law or has exceeded or abused its powers;

(*c*) the appointment by Government of a Government officer as Chief Executive Officer of the Corporation and the conferment of certain important powers on him;

(*d*) the setting up of a statutory Service Commission, on the lines of the Provincial Public Service Commission, consisting of a Chairman and two members to be appointed by Government and providing that no appointment on a pay exceeding Rs. 50 per month shall be made except on the recommendation of such Commission, and

(*e*) the transference of the power of making contracts on behalf of the Corporation from the Mayor or Deputy Mayor to the Chief Executive Officer, and authorizing the latter to sanction estimates and incur expenditure up to Rs. 10,000.

The Bill also seeks to provide for other safeguards against an abuse of power by the Corporation which are explained in the Notes on Clauses.

It is further proposed to lower the franchise in certain respects so as to allow the poorer section of the community to vote in Corporation elections and also to enfranchise the occupiers of huts in a *bustee*.

Opportunity has also been taken to provide for an amendment of the Act for the purpose of removing certain working difficulties and *lacunæ* in the Act, including some defects which have been brought to the notice of Government by the Corporation from time to time.

Member-in-charge.

DARJEELING;

The 6th June 1940.

Notes on Clauses.

Clause 2.—Clause 17 provides for the appointment of the Chief Executive Officer by the Provincial Government. It is accordingly proposed to omit sub-section (*5*) of section 2 of the Act, which empowers the Provincial Government to make an interim appointment pending a regular appointment to be made by the Corporation.

Clause 3.—The proviso proposed for sub-section (*1*) of section 10 of the Act is consequential upon the new section 19B proposed by clause 6.

Clause 4.—This amendment seeks to make it clear that the Executive Officer shall not delegate the power to sanction estimates up to and including ten thousand rupees, which it is proposed to confer upon him by the new section 66A to be inserted by clause 25.

Clause 5.—Section 19 at present empowers the Provincial Government to annul a proceeding of the Corporation which is not in conformity with law, the rules or the by-laws. This amendment extends the power of annulment to any such proceeding of any Committee or Sub-Committee of the Corporation, and provides further for the suspension of certain resolutions of the Corporation or of any Committee or sub-Committee thereof. A similar suspensive power is to be found in section 548 of the Bengal Municipal Act, 1932.

Clause 6.—This clause proposes the insertion of two new sections; 19A to provide for the supersession of a department of the Corporation by a person appointed by the Provincial Government to perform the functions of the Corporation or any Committee thereof or the Executive Officer in respect of such department; and 19B to provide for the dissolution and reconstitution of the Corporation itself. Supersession and dissolution are made dependent upon incompetence, persistent default in performance of duties, or excess or abuse of powers; and the provisions proposed are based upon sections 550 and 552 of the Bengal Municipal Act, 1932.

Clause 7.—The effect of these amendments of section 20 is to extend the franchise by lowering the consolidated rate qualification from twelve rupees to six rupees *per annum*, the occupancy rent qualification from twenty-five rupees to twelve rupees *per mensem* and the consolidated rate qualification in respect of a *bustee* from twelve rupees to six rupees *per annum*. The franchise is also extended for the first time to persons with an occupancy rent qualification in respect of a *bustee* at a rate of not less than five rupees *per mensem*.

Clause 8.—Sub-clauses (*1*), (*3*), (*4*) and (*5*) effect amendments of a formal character, the object of which is to render the provisions of section 22 more precise. Sub-clause (*2*) renders a dismissed servant of the Crown ineligible for service as a member of the Corporation for a period of five years from the date of his dismissal.

Clauses 9-12.—The existing provisions of sections 36-39 do not differentiate with sufficient clarity the powers of the Provincial Government as regards appointment of Councillors and extension of the term of office of appointed and elected Councillors and Aldermen, and the normal term of office of such Councillors and Aldermen. These sections have therefore been redrafted, and the opportunity has been taken to insert special provisions relating to the dissolution of the Corporation. The amendment proposed in section 38 corrects an error in that section. An Alderman is elected, and not appointed.

Clause 13.—This amendment disqualifies from further membership of the Corporation a Councillor or Alderman who is declared to be in arrears for more than one year in the payment of any rate or tax payable by him under the Act.

Clause 14.—The amendment proposed in section 45 is consequential upon the insertion of the proposed section 19B. Three months' notice of a general election is normally required, but in the case of a general election held after a dissolution of the Corporation, it is proposed that the period of notice should be reduced to one month.

Clauses 15 and 16.—The High Court having brought to the notice of the Provincial Government certain defects and inconsistencies in the provisions of sections 46 and 47, it is proposed to amend these sections on the lines suggested by the High Court. In order to place an effective check upon frivolous election petitions, it is further proposed that every petition shall be accompanied by a deposit of one thousand rupees as security for costs.

Clause 17 amends section 51 so as to provide that the Chief Executive Officer shall henceforth be appointed by the Provincial Government, shall be an officer either of the Indian Civil Service or Bengal Civil Service (Executive), shall hold office for a renewable term of three years, shall be removable at the instance of two-thirds of the members of the Corporation, shall receive a salary and allowances not exceeding Rs. 2,500 and Rs. 500 *per mensem*, respectively, and shall be a whole-time officer of the Corporation.

Clause 18 inserts a new section 51A, to provide for the appointment by the Provincial Government of a Service Commission, composed of a Chairman and two Members, to select persons for appointment to certain posts under the Corporation, to be consulted in respect of all disciplinary matters affecting certain officers and servants of the Corporation, and to appoint the staff required for the performance of its duties; a new section 51B, to provide for appointment by the Executive Officer, and the Corporation, respectively, of officers and servants of the Corporation; and a new section 51C, to make specific provision for the Corporation's control of such officers and servants.

Clause 19.—The amendment proposed in section 52 empowers the Executive Officer to take immediate action in certain cases of emergency, and further empowers the Provincial Government to take such action as it thinks fit if, in any such emergency, the Corporation or the Executive Officer have failed to take action.

Clause 20.—These amendments of section 54 are consequential upon the amendments proposed in clause 18.

Clause 21.—The effect of the amendment proposed in this clause is to extend the provisions of section 55 to the Executive Officer, the Chairman, members, officers and servants of the Service Commission and any other servant of the Crown whose salary and allowances may, under the provisions of the Act, be payable from the Municipal Fund.

Clause 22.—This amendment of section 59 is required by the fact that the Corporation may be dissolved, and a fresh general election held thereafter, at any time of the year.

Clause 23 amends section 65 so as to provide for voting by ballot in certain circumstances at meetings of the Corporation.

Clause 24 provides that rules of business made by the Corporation shall be subject to the approval of the Provincial Government, which may itself make such rules if the Corporation fails to do so.

Clause 25.—It is proposed to insert a new section 66A, empowering the Executive Officer to sanction estimates not exceeding Rs. 10,000, and requiring the approval of the Provincial Government to the sanctioning by the Corporation of any estimate exceeding Rs. 2½ lakhs. The proposals are based upon the provisions of the Madras City Municipal Act, 1919.

Clause 26.—Section 67 is being amended so as to provide that all contracts shall be made by the Executive Officer, and not by the Mayor or Deputy Mayor as at present, that certain contracts shall require the previous sanction of the Corporation and certain others the previous sanction of both the Corporation and the Provincial Government.

Clauses 27 and 28.—These amendments of sections 68 and 69 are consequential upon the amendment of section 67.

Clause 29.—This amendment of section 73 will enable the Corporation to delegate to its Primary Education Standing Committee full powers, not merely in respect of primary, but also in respect of technical and industrial education.

Clause 30.—The amendment proposed in section 79 is of a drafting character only.

Clause 31 makes in section 85 an amendment which is consequential upon the proposed insertion of new section 19A and upon the amendments proposed in sections 52 and 447. The effect will be that sums payable under the orders of the Provincial Government in connection with the supersession of a department of the Corporation, with the taking of action in an emergency and with the remuneration of and cost of action taken by a Special Health Officer may be paid from the Municipal Fund without budget allotment.

Clause 32.—Section 91, as it stands at present, does not permit the Corporation to provide for the education of children below the age of six, or for the primary education of girls above the age of ten, years. Many girls in the upper classes of primary schools exceed this age-limit, and provision is required for pre-primary stages of education. The amendment remedies these defects.

Clause 33.—Amendments are proposed in section 97 with the object of empowering the Corporation to raise a loan for the purpose of acquiring and maintaining any tramway, and of ensuring that any such loan shall be secured upon, not merely the income derivable from such tramway, but also the consolidated rate and all other taxes, fees and dues authorized under the Act.

Clause 34.—Section 121A was inserted in the Act by Ben. Act XI of 1933, and provides a penalty for neglect or refusal to comply with a summons or requisition issued by an auditor. The section does not, however, provide any penalty for offence continuing after conviction, and the proposed amendment remedies this defect.

Clause 35.—Section 123B, which was inserted in the Act by Ben. Act XI of 1933, empowers the auditors to charge against any person *accounting* the amount of any deficiency or loss incurred by the negligence or misconduct of that person. The Accountant-General, Bengal, having brought to the notice of the Provincial Government a case in which loss to the Corporation resulted from the negligence of one of its

officers who was not the person accounting, *i.e.*, the person bringing in the account for audit, it is proposed to enlarge the scope of the section by omitting the word "accounting", so as to render the section more closely parallel to the provisions of section 228 of the English Local Government Act, 1933.

Clause 36.—This amendment provides that, at the time of the revision of the valuation of lands and buildings for assessment, a notice stating the revised assessment shall be given to *every* owner and occupier, and not merely to owners and occupiers whose assessment are increased. At present an owner or occupier who, for any reason, has failed to secure the reduction of an inequitable assessment, may enjoy no opportunity of securing redress at the time of the next revision, because he will not receive a notice unless his assessment is increased.

Clauses 37 and 38.—These amendments are intended to make it clear that the provisions of sections 139 and 142 apply to revisional, and not merely to original, valuation for assessment.

Clause 39.—The object of this amendment of section 205 is to provide that the occupier's share of arrear rates shall not be a charge upon the property occupied, and that, in the case of a purchase, the owner's share of arrear rates in respect of a period of one year only prior to the date of purchase shall be a charge upon the property of the purchaser. The amendment is necessitated by the desirability of equating the liability *in rem* provided for in section 205 with the liability *in personam* provided for in section 200.

Clause 40.—In the absence of a specific provision fixing a time-limit for the accumulation of arrear rates, the provisions of the Indian Limitation Act, 1908, at present apply and arrear rates accumulate for 12 years and then become irrecoverable. The proposed new section 205A is intended to ensure prompt realization of arrear rates.

Clauses 41 and 42.—These amendments of sections 306 and 307 are intended to protect the interests of the public of Calcutta by ensuring that no public square or garden shall be permanently closed, leased or sold by the Corporation unless two-thirds of the Councillors and Aldermen present have voted in favour of such a proposal.

Clause 43 inserts a new section 334A to provide for notice of relaxations of building rules to be given to owners of properties adjoining those in respect of which relaxations are proposed, and for the representations of such owners to be considered by the Corporation.

Clause 44.—This clause proposes the insertion of a new section 365A, which is intended to place further obstacles in the way of irregular construction or alteration of buildings, by permitting any rate-payer or tax-payer under the Act to object thereto by filing an application before a Magistrate, and by empowering the Magistrate to order demolition or alteration if he finds that a contravention of the building rules has taken place. The cost of carrying out the Magistrate's order will be borne by the persons responsible for such contravention, and a new section 365B is also inserted to ensure in this connection that the Corporation submits to the Provincial Government a quarterly statement of all building rules relaxed.

Clause 45.—Section 378 is being amended in conjunction with section 97, so as to empower the Corporation acquire and maintain a tramway in Calcutta or, by agreement with the local authority concerned, in any other place.

Clause 46 extends the provisions of section 447 by empowering the Executive Officer to take action, with the approval of the Provincial Government, for dealing with emergent cases of epidemics, and by authorizing the Provincial Government to appoint a Special Health Officer if it considers that the Corporation or the Executive Officer have failed to take necessary action in this connection.

Clause 47 restricts the power of the Corporation to sell, lease or otherwise transfer lands and buildings vested in them. Such sales, lease or transfers shall not be made at rates below the prevailing local rates for such transactions.

Clause 48.—It is proposed to amend section 488, so as to provide an enhanced penalty for the offence of keeping open any place of public amusement without, or contrary to the terms of, a license. In view of the special provisions of section 121A, as amended by clause 34, it is proposed to delete from section 488 the provisions relating to section 121, which are no longer required.

Clause 49.—Section 554 is being amended so as to render a "public servant" a person appointed to discharge the duties of a superseded department of the Corporation and a Special Health Officer appointed under section 447 as amended by clause 46.

Clause 50.—This amendment of section 555 is consequential upon the amendment proposed in clause 26, whereby the Executive Officer and not the Mayor shall make all contracts on behalf of the Corporation.

NOTIFICATIONS.

24-Parganas.— No. 10011P.H.— 14th June 1940.— In exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to make the following rules for the regulation of the supply of filtered water to private premises for domestic purposes in the municipalities of Baranagore and Kamarhati, in the district of 24-Parganas:—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 100 a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house-connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house-connection will be given.

2. A fee of Rs. 75 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. On application a holding consisting of two or more houses (excluding out-house) in one compound, may at the discretion of the Commissioners, be split into parts and each part connected separately to the municipal supply-pipe, provided the sum total of the daily supply in all such parts shall not exceed the quantity of water admissible to the holding under rule 10. All such connections shall, for the purpose of rule 2, be treated as separate connections. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holdings for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof, to be altered, removed or interferred with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and watertight and the cover, overflow-pipe, and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly by the staff of the Commissioners under the supervision of one of their officers and the said officer shall have the power of looking up the tank or tanks if he thinks so desirable.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring, and such officers shall, if necessary, rectify the defect with the help of the staff of and with materials belonging to the Commissioners.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to

supply of water corresponding to the annual valuation of such holding, according to the following table:—

For holding with annual valuation above Rs. 1,400 the daily quantity of water (in gallons) will be calculated as follows:—

Holdings with service-pipes—The annual valuation divided by 4.

Holdings with water-closets—The annual valuation divided by 3.

11. If additional water is required over and above the supply of water referred to in rule 10, requisition shall be made for the same to the Commissioners in form C. The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house-connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

12. In case the owner or occupier having house connection requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, or any person having no house-connection requires a temporary supply of water for a special occasion, he may apply to the Commissioners in form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 10 per tank, and also shall pay in advance for every week or part of a week during which he retains the temporary connection the following charges:—

			Rs. a.
			Per day.

(*f*) For a supply of	900 gallons per day	..	1 12
(*g*) For a supply of	1,100 gallons per day	..	2 0

He shall state in his application the number of days for which the connection is required.

13. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground a storage tank (or tanks) of 300 gallons capacity with ball-valve and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week in advance. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the temporary supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges, as mentioned in rule 12.

16. The Commissioners may cut off the connection between any part of the Baranagore-Kamarhati Waterworks and any holding to which water is supplied from such works, or may turn off such supply, in any, of the following cases besides those referred to in sub-section (*l*) of section 309 of the Bengal Municipal Act, 1932, namely:—

(*a*) if the occupier fails to pay his water rate;

(*b*) if the occupier in any way interferes with, damages or alters, the service-pipe; and

(*c*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection:

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

17. The works required under clause (*b*) of rule 4 shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

18. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

19. The Commissioners will not be responsible for any interruption or diminution of water-supply due to occurrences beyond their control.

Resignation.—Mr. S. C. Lyttelton, on retirement from India in March 1939, resigned his membership of the Committee. His resignation was accepted with regret and an expression of thanks was conveyed to him for the many useful services rendered by him to the Garden.

Staff.—The following is a list of the Superior staff of the Garden at the end of 1938-39:—

Superintendent.—Mr. Nagendra Nath Banerjee, G.B.V.C., F.Z.S.

First Assistant Superintendent.—Khan Sahib S. M. Yaqub.

Second Assistant Superintendent.—Mr. N. Mukherjee, G.B.V.C., F.Z.S., F.L.S., F.R.H.S.

Store-keeper.—Babu Jugal Kishore Roy.

Clerk.—Babu Tarak Chandra Chatterjee.

Accountant. Babu Gobardhan Ch. Auddy from 1st August 1938.

Gate clerk.—Babu Bepin Behari Chatterjee.

The menial staff of the Garden at the end of 1938-39 comprised:—

1 Salutri.	1 Carpenter.
1 Jamadar.	2 Bistis.
8 Durwans.	1 Cook.
20 Keepers.	2 Cartmen.
1 Head Gardener.	1 Night Watchman.
14 Gardeners.	1 Chaprasi.
3 Sweepers.	1 Syce.

1 Scytheman.

In addition temporary men were engaged as required.

Her Excellency the most Hon'ble the Marchioness of Linlithgow kindly visited the Gardens on the 20th December 1938 and evinced great interest in a number of the exhibits.

As usual various births took place amongst mammals, the most important being one female Giraffe in May 1938 but which died in February 1939. This was the first record in the Gardens of this event.

Among notable acquisitions to the collection are to be mentioned a pair of Elands from South Africa, a pair of Orang-outangs from Sarawak and a pair of Anoas from the Celebes. Birds include Lesser and Red Birds of Paradise from New Guinea and a pair of Satin Bower Birds from Australia, the rarest and most noteworthy addition being a Cock of the Rock from Brazil which was purchased from Mr. Meems.

The breeding of pheasants and other birds was not as satisfactory as during the previous year though on the whole we have no cause for complaint.

It is interesting to record the increase of wild birds in the Gardens amongst which may be mentioned some four hundred Lesser Whistling Teals. These stayed with us throughout the cold weather.

Gardens.—Certain improvements in landscape gardening have been carried out by the planting of shrubberies and trees. Annuals did well and were maintained at their usual standard.

The Garden was awarded a first prize of a silver cup for a group of annuals of thirty pots and several other prizes at the last Agri-Horticulture Society's Flower Show, held in February 1939.

Improvement.—The following New works were undertaken during the year under report:—

(1) *Otter Pit.*— A new Otter-pit was constructed to the north of the Reptile House. This provides a large pool bounded on one side of a sandy beach and the entire structure is surrounded by a concave wall.

(2) *Crane Enclosure.*- The old wooden sheds which were in a state of collapse were dismantled and a new shed of concrete, with openings into the various enclosures erected instead. In addition a dwarf wall of cement plaster has been added to the base of the existing wire-netting enclosure.

(3) *Hoolock Island.*—As the retaining wall round the Hoolock Island was falling in owing to it being too perpendicular, a sloping brick bank was erected and covered with cement plaster. Steps were made at intervals to allow passage to the surrounding moat.

(4) *Bolaram House.*—As no repairs had been carried out since it was built and it was consequently overrun by vermin it was decided to demolish the old building and construct a new House on the same site consisting of ten rooms after the design of the existing Pheasant House. The roof floor and pillars, however, were made of re-inforced concrete and against the invasion of rats and the runs covered with ½ inch mesh Galvanised link wire netting.

(5) *Lean-to-shed.* This building also was very old and unsuitable in every way. The whole structure was demolished and a new building of re-inforced concrete replaces it. There are two large flight cages with shelters and also four other large compartments all covered with ½ inch mesh link wire netting.

(6) *Hyæna House.* -This building, which for years was an eyesore was demolished and a modern re-inforced concrete building put up. The House now has two rooms on each side with an open enclosure in the centre.

(7) *Refreshment Pavilion.*—A new Ladies' Cloak Room was built in the north side of the Refreshment Pavilion.

(8) A number of corrugated zinc sheds have been erected in the Antelope and Deer Paddocks, enabling the animals to take shelter in inclement weather.

(9) A survey of the roads was made and scheme drawn up to repair all paths and complete the circular road with a bitumen surface.

It was suggested that all the roads should be narrowed to a maximum of 10 feet as being sufficient to carry lorries, cars and carriages, etc. and 6 feet in case of paths round the cages for the use of pedestrians only.

The main portion of this scheme was completed and roads were put in thorough repair by picking up surface of the existing roadways, relaying with *khoa* (new and old) edging with brick and finishing with a top surface dressed with soorkey and lime. The general result is a neater appearance and a surface free from slipperiness during the rains.

A small portion, north-west of Sarnomoyi House and southern approach of the Schwendler House, was treated with brick-on-edge pavement and ruled cement pointing.

Two others near the Hoollock Island and south-east of Dumraon House up to the Peacock enclosure were covered with "Colas" on a layer of 3 inches thick stone metal grouting and finished with seal-coated stone chips.

Financial position.—The financial position of the Garden is satisfactory as expenditure is balanced by income. The receipt from visitors was Rs. 65,009-8 against Rs. 58,664-9, which shows a satisfactory increase over the previous year. This can be put down to the Churamoni Yoga festival which was celebrated in November after an interval of 25 years. The turnstiles registered a record attendance of 77,703 visitors during the nine days of the festival.

Visitors.—The following is a comparative statement of visitors and receipts for the last four years:—

Years.		Visitors.	Receipts.	
			Rs.	a.
1935-36	..	919,172	57,477	11
1936-37	..	889,099	55,622	12
1937-38	..	936,744	58,664	9
1938-39	..	1,038,678	65,009	8

The Corporation of Calcutta.—As usual a grant of Rs. 26,896-8, a sum equal to the amount of the rates payable to the Corporation, was sanctioned for the year under report.

The Committee desire to express their thanks for this generous contribution.

A number of children under four years of age and many school children attended by their teachers were admitted free to the Garden. In addition 58,738 persons visited the Garden on free days.

A detailed statement of the number of visitors and receipts appears in Appendix B.

The Committee wish to convey their appreciation and thanks to those members of the public as well as to members of the Garden who have contributed towards the satisfactory results achieved during the year under review.

A list of those ladies and gentlemen who have made gifts to the collection will be found in Appendix C. There were in addition many offers to present animals to the Garden, but these offers could not always be accepted either because the particular species was already sufficiently well represented, or owing to lack of accommodation.

The Committee also desire to express their thanks to the following Railway and Steamer Companies for kindly conveying animals belonging to the Garden free of charge:—

(1) British India Steam Navigation Company.

(2) East Indian Railway.

(3) Rivers Steam Navigation Company, Limited.

As usual Mr. W. K. Dods, the Vice-President of the Garden has been instrumental in procuring and presenting to the Garden a variety of birds and beasts. He has also been a generous donor of flower seeds and he has been responsible for providing large quantities of fresh ant's eggs which contribute materially to the well-being of the birds. The Committee record with thanks his gifts and services.

Thanks are due to the Commanding Officer of the 1/15th Punjab Regiment, stationed at Alipore, for permitting their regimental band to play at the Garden on Tuesday and Sunday afternoons and the Committee again record their indebtedness to those members of the public who sent old or broken horses to the Zoological Gardens, where they were destroyed under the most humane conditions.

2. The draft will be taken into consideration on or after the 15th August 1940, and any objection or suggestion with respect thereto received by the undersigned before that date will be duly considered:—

Draft Amendments.

(1) *Insert* the following as a note under rule 23:—

Note.—In the case of works executed by local boards on contract involving a value of Rs. 250, or more tenders shall be invited in the manner specified above.

(2) After the words "A schedule of tenders will be kept in Form No. 6" in rule 23, *insert* the following:—

"and these schedules shall be filed together with the estimates of respective works in a separate guard file or bound in the form of a book. In cases where the lowest tender is not accepted reasons should be recorded."

(3) *Insert* the following as a new rule 32A:—

Aid to Contractors.

32A. Advances to contractors are as a rule prohibited and every endeavour should be made to maintain a system under which no

payments are made except for work actually done. Exceptions are, however, permitted in the following cases:—

(*a*) Cases in which a contractor, whose contract is for finished work, requires an advance on the security of materials brought to site. The board may, in such cases, sanction advances up to an amount not exceeding 75 per cent. of the value (as assessed by itself) of such materials, provided that they are of an imperishable nature and that a formal agreement (*vide* Form No. 19B.F.R.) is drawn up with the contractor under which the board secures a lien on the materials and is safeguarded against losses due to the contractor postponing the execution of the work or to the shortage or misuse of the materials and against the expense entailed for their proper watch and safe custody. Payment of such advances should be made only on the certificate of the District Engineer that the quantities of materials upon which the advances are made have actually been brought to site, that the contractor has not previously received any advance on that security and that the materials are all required by the contractor for use on items of works for which rates for finished work has been agreed upon. The District Engineer granting such a certificate will be held personally responsible for any overpayment which may occur in consequence.

(*b*) Cases of honorary contractors under Darjeeling District Board.

Recoveries of advances so made should not be postponed until the whole of the work entrusted to the contractor is completed. They should be made from his bills for work done as the materials are used, the necessary deduction being made whenever the items of work in which they are used are billed for.

(4) *For* the sub-paragraph of rule 44, *substitute* the following:—

In the case of purchase of materials which cannot be immediately debited to respective works, an estimate of the same shall be prepared and sanctioned in the usual way and the cost of materials purchased debited to the suspense head "materials purchased." This head shall be cleared as materials are issued from time to time to works or to subordinates for petty annual repairs done departmentally. The balance under this head will thus represent the book value of the materials, a detailed account of which will be kept in Form No. 22A separately for each kind of material. At the close of each quarter the aggregate value of the unused materials as shown in the stock ledger (Form 22A) shall be agreed with the balance under the head "Materials purchased." The stock of unused materials shall be verified by the District Engineer half-yearly and a certificate of verification recorded thereon.

The subordinates to whom materials are issued from time to time for petty annual repairs shall maintain a stock register in Form No. 22, the entries in which shall be test checked by the District Engineer or any other officer authorised by him to carry out this check. The balance in hand of these subordinates shall be verified by the District Engineer once a year and a certificate of verification recorded thereon.

(5) *Insert* the following as a new rule 44A:—

Issues of materials to Contractors.

44A. The issue of materials to contractors who have contracted for completed items of works is generally permissible only when in the interest of work or with the object of utilising the existing stocks of materials it is desirable to retain in the hands of the board the supply of materials and a condition to that effect has been inserted in the contract. In that case the contract should specify (1) the materials to be supplied by the board for use on the work, (2) the places of delivery, and (3) the rates to be charged to the contractor for each description of material; and the contractor should be held responsible for obtaining from the board all such materials required for the work and for making payment therefor by deduction from his bills at the rates specified regardless of fluctuations in the market rates. The materials required for issue to a contractor should be made over to him as soon as they are received and a receipt obtained for the same. The recovery from a contractor on account of the cost of the materials issued to him should ordinarily be made by deduction from the first bill of the contractor. Should, however, a lump sum recovery be undesirable in any case, the Chairman may permit for recorded reasons the recovery to be effected gradually as the materials issued to the contractor are actually used in construction and the items of work in which they are used, are paid for.

The board will not undertake the liability to take over from contractors any surplus remaining out of the materials issued to them and charged to their accounts under this rule.

Note 1.—The rates to be charged to the contractors for materials to be supplied should be definitely specified, vague quotations being avoided when the material is not in stock, tender for the supply of materials should be obtained first and after the acceptance of that tender, the board should enter into contract for the completed items of work.

(6) *Insert* the following as a note under rule 63:—

Note.—In respect of works executed by local boards the register of works shall be kept in the local board office in Form No. 20A.

(7) *Insert* the following as a new form:—

(4) The Chief Inspector may issue such directions as he may consider necessary for the purpose of securing compliance with the provisions of sub-clause (3).

9. BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1000L.C.—25th June 1940. The following report of the Select Committee on the Bengal Shops and Establishments Bill, 1939, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

S. K. D. GUPTA,
Secy. to the Bengal Legis. Council.

Report of the Select Committee on the Bengal Shops and Establishments Bill, 1939.

We, the members of the Select Committee to which the Bengal Shops and Establishments Bill, 1939, was referred by a motion carried in the Bengal Legislative Council on the 11th December, 1939, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Matters recommended by us to be omitted have been printed in *italics* and enclosed in square brackets, and all new matters recommended to be inserted have been underlined.

The Committee met for the first time on the 26th February, 1940, and as it was not possible for the final report to be presented to the Council on the 28th February, 1940, the Committee drew up an *ad-interim* report which was presented to the Council on the 27th February, 1940, praying for an extension of time for presenting the final report. The Council extended the time to 15th April, 1940. The Committee thereafter met on the 28th February, 1940, and concluded their sittings on the 10th April, 1940.

The Bill has not been substantially altered by our recommendation and we do not consider that it requires republication.

The changes made by us are detailed below.

Short title.—We have changed the short-title of the Bill to make it more appropriate.

Clause 1.—We have made certain drafting changes in sub-clause (*4*) and we have excluded for the time being the districts of the 24-Parganas and Hooghly from the operation of this Bill.

Clause 2.—We have inserted the word "cinema" after the word "cafe" in sub-clause (*4*).

New sub-clause (4a).—We have added this new sub-clause to clause 2 of the Bill giving the definition of a "half day".

New clause 2A.—We have added this new clause to give reference to the time of day mentioned in this Bill.

Clause 3.—We have made certain omissions in sub-clauses (*1*) and (*2*) as being unnecessary.

Clause 4.—We have made certain drafting changes in sub-clauses (*1*)(*a*), (*1*)(*f*), (*1*)(*g*), (*1*)(*h*), (*1*)(*i*), (*1*)(*j*), (*1*)(*l*) and (*1*)(*o*).

We have also added two new paragraphs (*ma*) and (*mb*) so as to exempt certain shops and establishments from the operation of this Bill.

In sub-clause (*2*) we have made certain drafting changes.

Clause 5.—In sub-clauses (*1*) and (*2*) we have made certain changes of a drafting nature.

Clause 6.—In sub-clause (*2*) we have made certain additions restricting the hour of work up to half-past eight o'clock *post meridiem*.

We have also added a proviso to sub-clause (*2*) regarding over-time work in shops during busy periods of the year as may be prescribed.

Clause 7.—We have made a drafting change in sub-clause (*1*).

Clause 8.—In the proviso to sub-clause (*1*) we have made a drafting change.

We have also omitted the whole of sub-clause (*2*).

Clause 9.—We have made a drafting change in sub-clause (*1*).

Clause 10.—We have added a proviso to sub-clause (*1*) regarding the over-time work in an establishment for public entertainment or amusement during such periods as may be prescribed.

Clause 13.—We have substituted the existing clause 13 by a new clause to provide for better facilities of leave to the employees.

Clause 14.—We have exempted commercial establishments from the operation of this clause and made certain consequential changes in it.

Clause 16.—We have made certain drafting changes in sub-clause (*2*).

Clause 17.—In this clause we have made certain changes of a drafting nature.

Clause 22.—In sub-clause (*1*) we have made certain changes providing for the previous publication of the rules to be made by the Provincial Government for carrying out the purposes of this Bill.

In sub-clause (*2*)(*b*) we have made certain changes which are consequential to the changes made by us in clauses 6, 8 and 10 of this Bill.

CALCUTTA:
The 15th April, 1940.

*Signed subject to his minute of dissent.

The signature of Maulana Muhammad Akrum Khan could not be obtained up to the time of printing the Report.

Minute of Dissent by Mr. W. B. G. Laidlaw, M.L.C.

I dissent from the principle of legislating to regulate the holidays, hours of business and payment of wages in commercial establishments.

I reserve the right to move amendments as regards the period of leave on full pay.

Minute of Dissent by Mr. Naresh Nath Mookerjee, M.L.C.

I consider that in clause 4 (*1*), a new sub-section (*p*) should be added excluding from the operations of this Act establishments connected with the supply of labour to ships, and loading and unloading of cargo. Most of the work in such offices are done after the usual working hours. Such establishments have to be kept open all night, very often, to comply with urgent orders from ships.

Minute of Dissent by Mr. Humayun Kabir, M.L.C.

I welcome the Report as far as it goes, but I hold that it does not go far enough. The service of employees in shops, commercial and other establishments should have been secured and better provisions made for enforcement of regular payment of their wages. I reserve the right to move amendments to this effect on the floor of the House.

[NOTE.—All matters omitted by the Select Committee have been printed in *italics* and enclosed in square brackets, and all new matters inserted have been underlined.]
